

SUJATA
International

Engineering
is in our **DNA**

Company Profile

Sujata Group of Co. has started its triumphant journey, in 1978 in 200 Sq. Ft area. Within 4 decades it has been bloomed with 1,50,000 Sq. Ft area including with 4 other companies forming **Sujata Group of Companies**. In order to meet with the requirement of producing micro precision turned components having large volume and low cost manufacturing process.

SUJATA GROUP OF COMPANIES :

- **Sujata Enterprise - 1978.**
- **Sujata Machine Tools - 1997.**
- **Sujata Brass Components Pvt. Ltd. - 2004.**
- **Sujata International - 2010.**

TURNED BRASS COMPONENTS :

We are producing components having application in following manufacturing segments :

- **Electrical & Electronic, Automobile, Pneumatic & Hydraulic, LPG, Agriculture, and many other.**

Machine Division:

We are producing cam driven automates such as Single Spindle Automatic having dimensional accuracy of 20 microns, Sliding Head Stock, Automatic Rotary Table, Automatic Cutting, Drill Machines.

FACILITIES

- Perfect solutions incorporating mechanical, electronic components qualify us as one of the Indian market leaders for highly developed, modular rack and enclosure systems for indoor and outdoor applications.
- State Of art Tool Room equipped with CNC Machine, VMC Machine, TMC Machine, EDM, Wire cut, Surface Grinder, Cylindrical Grinder, Mini Heat Treatment Plant, Hardness Tester etc.
- Profile Projector, Vision inspection system, Sorting Machine for 100% dimensions checking for measuring Components. Research & Development, Tool Grinder, De-burring Machine.

OUR PRODUCTS

- Electrical Plug Pins
- Electrical Socket Pins
- Switch Plug Pins
- Terminals
- MCB Components
- Carburetors Screw Adjusts
- Fuel Jets
- Nozzles
- Nuts
- Cable Adjuster
- Molding Inserts
- Bushes
- Washers
- Spacers
- Connectors
- Fasteners
- Ball Pen Parts
- Non ferrous Turned Components
- Forged & Machined Components
- Tailor made Brass Components

Products Range

Brass Parts

Tailor made Metal Components

Brass Electrical Parts

Brass Electrical Pins

Brass Grub Screws

Products Range

Brass Molding Inserts

Brass Gas Parts

Brass Automobile Parts

We are one of a leading manufacturers & exporters of
Tailor made Turned Components made of ferrous & Non ferrous metals

We supply our products for application industries such as
Electrical, Automobiles, Electronics, Telecommunication, Gas, Pneumatic, Hydraulics,
Agriculture, Medical, and many more.
